| Pictogram(s)                       |   |   |  |  |  |  |  |  |
| Signal Word                        |   |   |  |  |  |  |  |  |
| Health                             | H305  | May be harmful if swallowed and enters airways                            |  |  |  |  |  |  |
| Hazards:                           |   |   |  |  |  |  |  |  |
|                                    | H319  | Causes serious eye irritation   |  |  |  |  |  |  |
| General                            | P101  | If medical advice is needed, have product container or label              |  |  |  |  |  |  |
| Precautions:                       |   | at hand.  |  |  |  |  |  |  |
|                                    | P102  | Keep out of reach of children.  |  |  |  |  |  |  |
| _                                  | P103  | Read label before use.  |  |  |  |  |  |  |
| Prevention<br>Precautions:         | P261  | Avoid breathing dust/fume.  |  |  |  |  |  |  |
|                                    | P264  | Wash skin thoroughly after handling.                                      |  |  |  |  |  |  |
|                                    | P271  | Use only outdoors or in a well-ventilated area.                           |  |  |  |  |  |  |
|                                    | P280  | Wear protective gloves/protective clothing/eye                            |  |  |  |  |  |  |
|                                    |   | protection/face protection.   |  |  |  |  |  |  |
| Response                           | P304 +  | IF INHALED: If breathing is difficult, remove victim to fresh             |  |  |  |  |  |  |
| Precautions:                       | P341  | air and keep at rest in a position comfortable for breathing.             |  |  |  |  |  |  |
|                                    | P305 +  | IF IN EYES: Rinse cautiously with water for several                       |  |  |  |  |  |  |
|                                    | P351 +  | minutes. Remove contact lenses, if present and easy to                    |  |  |  |  |  |  |
|                                    | P338  | do. Continue rinsing.   |  |  |  |  |  |  |
|                                    | P312  | Call a POISON CENTER or doctor/physician if you feel<br>unwell.           |  |  |  |  |  |  |
|                                    | P337 +<br>P313  | If eye irritation persists: Get medical advice/attention.                 |  |  |  |  |  |  |
| Disposal<br>Precautions:           | P501  | Dispose of contents/container according to local, state and federal laws. |  |  |  |  |  |  |
|                                    |   |   |  |  |  |  |  |  |

|  | Section 3 - Composition / Information   | tion on Ingredients   |
|--|---|---|
| I he tollowing in  | ngredients are hazardous according to OS  | SHA criteria.   |
| CAS  | Component   | Concentration   |
| 7440-50-8  | Copper  | >50%  |
| 7440-31-5  | Tin   | <50%  |
| This product is  | an allow of the above metals.   |   |
|  | Section 4 - First Aid Me  | easures   |
| Skin Contact: Ir<br>ngestion: Do n<br>mouth to an und                                    | ush eyes with plenty of water. If irritation p<br>o case of skin contact, wash thoroughly w<br>ot induce vomiting unless instructed by a<br>conscious person.<br><b>The appropriate in-plant, paramedic, or</b>   | vith soap and water.<br>h physician. Never give anything by<br>community medical support. |
|  | Section 5 - Fire-Fighting   | Measures  |
| <b>Jnusual Fire or</b><br><b>Fire-Fighting In</b><br>bersonnel. Shut<br>rapors. Either a | <b>Iedia:</b> Water Fog, Dry Chemical, and Car<br><b>Explosion Hazards:</b> None known.<br><b>structions:</b> Use water spray to cool fire-e<br>off "fuel" to fire. If a leak or spill has not ig<br>llow fire to burn under controlled condition<br>cover liquid spills with foam. | exposed surfaces and to protect<br>gnited, use water spray to disperse the                |
| vear a self-conta  | tion: Because fire may produce toxic the<br>ained breathing apparatus (SCBA) with a<br>ive-pressure mode.   |   |
|  | Section 6 - Accidental Relea  | ise Measures  |
| Wear appropria   | <b>cedures:</b> Spilled material may produce d<br>te personal protective equipment: covera<br>ean up with vacuum or conventional tools  | Ills, gloves and eye protection. Contain s and attempt to minimize dusting. Plac          |
| in a suitable cor  | precautions: Prevent material from enter  |   |
| in a suitable cor  | ntainer for recycling or disposal in accorda<br>precautions: Prevent material from ente   |   |

**Storage Requirements:** Keep container(s) tightly closed and properly labeled. Store in cool, dry, well ventilated place away from heat, direct sunlight, strong oxidizers and any incompatibles. Store in approved containers and protect against physical damage. Keep containers securely sealed when not in use. Indoor storage should meet OSHA standards and appropriate fire codes. Containers that have been opened must be carefully resealed to prevent leakage. Empty containers retain residue and may be dangerous. Avoid water containnation.

# Section 8 - Exposure Controls / Personal Protection

**Control parameters:** The following exposure standards are for individual metals in the alloy and are offered as a guideline for the alloy.

Copper:

| Basis     | Value | Parameter           |
|-----------|-------|---------------------|
| OSHA      | PEL   | 1 mg/m <sup>3</sup> |
| ACGIH-TLV | TWA   | 1 mg/m <sup>3</sup> |

Tin:

| Basis     | Value | Parameter           |
|-----------|-------|---------------------|
| OSHA      | PEL   | 2 mg/m <sup>3</sup> |
| ACGIH-TLV | TWA   | 2 mg/m <sup>3</sup> |

**Respiratory Protection:** Should a respirator be needed, follow OSHA respirator regulations 29 CFR 1910.134 and European Standards EN 141, 143 and 371; wear an MSHA/NIOSH or European Standards EN 141, 143 and 371 approved respirators equipped with particulate filter.

**Hand Protection:** Wear any liquid-tight gloves such as butyl rubber, neoprene or PVC. A gauntlet type glove or long sleeve shirt should also be worn if skin contact is probable and skin is sensitive.

**Eye Protection:** Safety glasses with side shields per OSHA eye- and face-protection regulations 29 CFR 1910.133 and European Standard EN166. Contact lenses are not eye protective devices. Appropriate eye protection must be worn instead of, or in conjunction with contact lenses.

**Other Protective Clothing/Equipment:** Additional protective clothing or equipment is not normally required. Provide eye bath and safety shower.

**Comments:** Never eat, drink, or smoke in work areas. Practice good personal hygiene after using this material, especially before eating, drinking, smoking, using the toilet, or applying cosmetics. Wash thoroughly after handling.

## Section 9 - Physical and Chemical Properties

Appearance : yellow to tan powder Odor/Threshold: odorless pH: N.A. (non-aqueous) Melting Point/Freezing Point: N.A. Low/High Boiling Point: N.A. Flash Point: Not applicable. Evaporation Rate: Not available Flammability: Not available UEL/LEL: Not available Vapor Pressure: Not available Vapor Density (Air=1): Not available Specific Gravity (H2O=1, at 4 °C): 8.0 Water Solubility: Insoluble Partition coefficient: Not available Auto-ignition temperature: Not available Decomposition temperature: Not available Viscosity: Not applicable % Volatile: Nil

### Section 10 - Stability and Reactivity

**Stability:** These products are stable at room temperature in closed containers under normal storage and handling conditions.

**Polymerization:** Hazardous polymerization cannot occur.

Chemical Incompatibilities: Strong bases, and acids.

**Hazardous Decomposition Products:** Thermal oxidative decomposition can produce carbon oxides and traces of incompletely burned carbon compounds.

### Section 11- Toxicological Information

Skin Corrosion/Irritation: no data

Serious Eye Damage/Irritation: Redness, tearing, itching, burning and conjunctivitis.

Respiratory/Skin Sensitization: no data

Germ Cell Mutagenicity: no data

**Carcinogenicity:** This product is not listed by NTP, IARC, or regulated as a carcinogen by OSHA. **Reproductive Toxicity:** no data

Specific Target Organ Toxicity – Single Exposure: no data

Specific Target Organ Toxicity - Repeated Exposure: no data

Aspiration Hazard: no data

Acute Toxicity: no data

Chronic Exposure: no data

Potential Health Effects – Miscellaneous: no data

Section 12 - Ecological Information

Toxicity: no data Persistence and Degradability: no data Bioaccumulative Potential: no data Mobility in Soil: no data Other Adverse Effects: no data

### **Section 13 - Disposal Considerations**

**Disposal:** Under RCRA it is the responsibility of the user of the product to determine at the time of disposal whether the product meets RCRA criteria for hazardous waste. Waste management should be in full compliance with federal, state and local laws.

Empty containers retain product residue which may exhibit hazards of material, therefore to not pressurize, cut, glaze, weld or use for any other purposes. Return drums to reclamation centers for proper cleaning and reuse.

**Disclaimer:** The information contained in this Safety Data Sheet (SDS) is considered accurate as of the version date. However, no warranty is expressed or implied regarding the accuracy of the data. Since the use of this product is not within the control of Smooth-On Inc., it is the user's obligation to determine the suitability of the product for its intended application and assumes all risk and liability for its safe use.

This SDS is prepared to comply with the Globally Harmonized System of Classification and Labelling of Chemicals (GHS) as prescribed by the United States (US) Occupational Safety and Health Administration (OSHA) Hazard Communication Standard (29 CFR 1910.1200), the Canadian Workplace Hazardous Materials Information System (WHMIS), and European Union Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 (REACH).

Classifications of the chemical in accordance with 29 CFR 1910.1200, signal word, hazard and precautionary statement(s), symbol(s) and other information are based on listed concentration of each hazardous ingredient. Unlisted ingredients are not "hazardous" per the OSHA Hazard Communication Standard (29 CFR 1910.1200), WHMIS and EC No 1907/2006 and are considered trade secrets under US Federal Law (29 CFR and 40 CFR), Canadian Law (Health Canada Legislation), and European Union Directives.
